

CERTIFICATE OF COMPATIBILITY

DIETZ Power Wheelchairs 'and' CoMoveIT systems

Wheelchairs	Head-foot steering system
Sango advanced Sango slimline Sango Junior	CoMoveIT Smart (any configuration)

This certificate is valid until Dec 31, 2023.

This document certifies that the mentioned wheelchairs and the CoMoveIT Smart head-foot steering system in any kind of configuration, can be combined. The wheelchair has to be fitted with RNET Omni Control, CoMoveIT has made a risk analysis for the combination of the Smart system in cooperation with the RNET Omni control. The systems comply to the CE directives and are CE certified.

The CoMoveIT Smart does not bring any change to the structural, functional and operational integrity of the SANGO wheelchair and/or to the RNET Omni Control system. The systems operate entirely within their originally defined intended use when combined.

The CoMoveIT Smart shall be installed to the wheelchairs by a CoMoveIT certified (trained) wheelchair supplier. The installation has to be executed in accordance with the CoMoveIT installation instructions and a test certificate has to be recorded and provided to CoMoveIT. Parts used for mounting the CoMoveIT system are specified by DIETZ Power.

To assure a correct interface, the DIETZ Power wheelchairs have to be equipped with the following article numbers:

Art nr	Description
2002000	R-Net Omni 2 Display section
2002001	R-net Omni2 Input Section
5001753	CoMoveIT mounting pack

During the validity of this certificate both parties will inform each other regarding changes and potential recalls that can have an effect on the compatibility of the products.

In case of an incident, parties will inform each other and research the incident in a professional and timely manner. Both parties are responsible for their own products.
